

MACEDONIA 2018

Photo © Georgi Licovski

An upper middle-income country in transition, the Republic of North Macedonia has population and development patterns that include an ageing population, decreasing fertility, and migration. UNFPA support began in 2007, focusing on preventing domestic violence, and advocating for sexual and reproductive health and rights, including for youth. Programmes encourage the exchange of expert knowledge and good practices, and help the Government develop strategic policies on population and development issues in line with European Union accession priorities

KEY RESULTS ACHIEVED IN 2018

MINIMUM INITIAL SERVICES PACKAGE

32 Health service providers and managers were trained on the minimum initial service package

ADVOCACY PLATFORMS AGAINST HARMFUL SOCIAL NORMS

Communities developed advocacy platforms to eliminate discriminatory gender and sociocultural norms which affect women and girls

COMMUNITY DECLARATIONS ON HARMFUL PRACTICES

Communities made public declarations to eliminate harmful practices, with support from UNFPA, including child, early and forced marriage and female genital mutilation

ESSENTIAL SERVICES FOR GENDER-BASED VIOLENCE SURVIVORS

Women and girls who were subjected to violence have accessed the essential services package

NATIONAL PLAN FOR SEXUAL AND REPRODUCTIVE HEALTH

Adopted the National Sexual and Reproductive Health Action Plan 2018-2020

EMERGENCY OBSTETRIC AND NEWBORN CARE

Developed and approved Guidelines for Post-Partum Hemorrhage and Detection of High-Risk Conditions during Pregnancy

MINIMUM INITIAL SERVICES PACKAGE

Developed MISP Action Plan for 2018-2019

QUALITY OF CARE

Developed the first-ever national Ob/Gyn standards for hospital care

GENDER-BASED VIOLENCE PLATFORM

Introduced standard operating procedures for multi-sectoral response to gender-based violence
