Agenda item 13 – Evaluation

Executive Board of UNDP, UNFPA and UNOPS
Annual session 2021
7-11 June 2021, New York
## UNFPA Management Response to Evaluation of UNFPA Support to Gender Equality and Women’s Empowerment, 2021

### EVALUATION RECOMMENDATION(S) AND PROPOSED ACTION POINT(S)

**Recommendation No. 1**

**Strengthening UNFPA positioning on GEWE work**

**Priority: High**

As the UN agency that addresses sexual and reproductive health and reproductive rights in support of GEWE, UNFPA should strengthen its positioning by leveraging its areas of expertise to develop a more integrated, coherent approach that joins up the different areas of its mandate. This would be supported by a broader conceptual framework on GEWE that gives prominence to the social norm change work required for sustainable change in GEWE and that facilitates an understanding of gender transformative approaches.

#### Recommendation No. 4

**Funding for programming on GEWE and gender mainstreaming**  
**Priority:** Medium/High

UNFPA should continue engaging Member States and donors in the discussion on the importance of adequate levels of predictable funding for the Strategic Plan that can be utilized flexibly by country offices to support longer-term programming capabilities on GEWE and gender mainstreaming.
