Information note

Implementation of General Assembly resolution 72/279 on the repositioning of the United Nations development system

ANNEX

Mapping of regional assets and capacities

UNDP, UNFPA, UNICEF, UNOPS and UN-Women are pleased to provide their respective Executive Boards with a further update on our engagement in the repositioning of the United Nations development system (UNDS). We remain fully committed to the UNDS reform and to jointly drive all its remaining work streams forward in close coordination with the United Nations Sustainable Development Group (UNSDG), under the leadership of the Deputy Secretary-General and with the support of the United Nations Development Coordination Office (DCO) and the Transition Team.

This annex complements the latest information notes presented to the Executive Board at the second regular session in 2019. It provides a mapping of regional assets and capacities, as requested by the Executive Board in decision 2019/15.
