Annex 2

Strategic Plan Scorecard and indicator updates

Table 1: Scorecard, Cumulative Achievement of Strategic Plan Outputs, 2014-2015

• (Green)	If the average percent achievement of output indicators targets is equal to or above 100 %
(Orange)	If the average percent achievement of output indicator targets is between 60% and 99%
(Red)	If the average percent achievement of output indicator targets is less than 60%

#	Output	Performance, 2014-2015 ¹		Expenditure, 2014-2015
Out	come 1: Increased availability and use of integrated sexual and repr	oductive he	ealth	Expenses:
1	Increased national capacity to deliver integrated sexual and reproductive health services	90%		\$1,001.5 million
2	Increased national capacity to strengthen enabling environments increase demand for and supply of modern contraceptives and improve quality family planning services	112%		(61.9% of programme expenses;
3	Increased national capacity to deliver comprehensive maternal health services	108%		52.7 % of total expenses)
4	Increased national capacity to deliver HIV programmes	93%		
5	Increased national capacity to provide SRH services in humanitarian settings	235%		-
	come 2: Increased priority on adolescents especially on very young a lonal development policies and programmes	adolescent g	girls, in	Expenses \$121 million
6	Increased national capacity to conduct evidence-based advocacy for incorporating adolescent and youth	99%		(7.5% of
7	Increased national capacity to design and implement comprehensive sexuality education	100%		expenses; 6.4 % of total
8	Increased capacity to design and implement comprehensive programmes to reach marginalized girls	91%		expenses)
	come 3: Advanced gender equality, women's and girls' empowerme roductive rights	ent, and		Expenses: \$209.2 million
9	Strengthened international and national protection systems for advancing reproductive rights	71%		(12.9 % of
10	Increased capacity to prevent gender-based violence and harmful practices	188%		expenses; 11.0% of total
11	Strengthened engagement of civil society organizations	222%		expenses)
Out	come 4: Strengthened national policies and international developme	ent agendas		Expenses:
12	Strengthened national capacity for production and dissemination of quality disaggregated data	144%		\$245.3 million
13	Increased availability of evidence through cutting-edge in-depth analysis	126%		(15.2 % of programme expenses;
14	Strengthened capacity for the formulation and implementation of rights-based policies	53%		12.9 % of total expenses)
15	Strengthened national capacity for using data and evidence to monitor and evaluate national policies	108%		
Org	ganizational effectiveness and efficiency			Expenses:
1	Enhanced programme effectiveness by improving quality assurance, monitoring, and evaluation	118%		\$321.6 million
2	Improved mobilization, management and alignment of resources through an increased focus on value for money and systematic risk management	90%		(2.6% of programme resources; 16.9 % of total
3	Increased adaptability through innovation, partnership and communications	115%		expenses)

¹ Simple average of cumulative achievement of (2014 and 2015) output indicators.

_

Table 2: Integrated Results Framework, Indicator updates, 2015

	Indicator	Baseline	2014 target	2014 actual ⁱ	2015 target ⁱⁱ	2015 actual
	Goal: Achieve universal access to sexual and reproductive health, realize repr					
	on the ICPD agenda, to improve the lives of adolescents and youth, and wome			,	0 /	
1	Maternal mortality ratio	210	*	204	173	216
2	Adolescent birth rate	53.9	*	49.7	45	50
3	HIV prevalence among population aged 15-24 years, (Total)	0.4	*	0.3	0.33	0.3
	HIV prevalence among population aged 15-24 years, (Female)	0.5	*	0.4	0.45	0.4
	HIV prevalence among population aged 15-24 years, (Male)	0.3	*	0.3	0.22	0.3
4	Percentage of women 20-24 married/in-union before age 18	33.5	*	33.7	29	33.1
5	Proportion of ever-married or partnered women aged 15-49 who experienced	28.5	*	23	24	22.8
	physical or sexual violence from a male intimate partner in the past 12 months					
6	Number of countries that have ratified the Covenant on Economic, Social, and	10	*	14	20	18
	Cultural Rights, the Convention to Eliminate All Forms of Discrimination Against					
	Women, the Convention on the Rights of Disabled People, and their corresponding					
	optional protocols					
	Outcome 1: Increased availability and use of integrated sexual and reproduct				ng, maternal hea	alth and
	HIV) that are gender-responsive and meet human rights standards for quality		equity in acces			
1	Percentage of countries in which at least 95% of service delivery points have seven	32%	*	44%	40%	56%
	life-saving maternal/reproductive health medicines from the WHO priority list					
2	Contraceptive prevalence rate (total)	63	*	63.7	68	63.6
3	Proportion of demand for contraception satisfied (total)	84	*	84.1	88	84.2
4	Percentage of countries in which at least 60% of service delivery points have no	73%	*	74%	75%	71
	stock-out of contraceptives in the last six months					
5	Percentage of countries in which at least 80% of live births are attended by skilled	53	*	59	61	65
	health personnel					
6	Number of countries that have adapted and implemented protocols for family	0	*	0	6	8
	planning services that meet human rights standards including freedom from					
	discrimination, coercion and violence					
7	Percentage of women and men aged 15-49 who had more than one sexual partner in	19%	*	20%	22%	20%
	the past 12 months who reported use of a condom during their last intercourse					
	(female)					
	Percentage of women and men aged 15-49 who had more than one sexual partner in	24%	*	23%	28%	23%
	the past 12 months who reported use of a condom during their last intercourse (male)					

	Indicator	Baseline	2014 target	2014 actual ⁱ	2015 target ⁱⁱ	2015 actual
8	Number of countries that have increased the national budget for sexual and	0	*	43	21	38
	reproductive health by at least 5 per cent					
9	Number of resolutions adopted by regional bodies that include specific commitments	Not	*	22	24	44
	on sexual and reproductive health	applicable				
10	Percentage of official development assistance that is dedicated to maternal health	7.77%	*	7.80%	8.00%	6.23%
	and family planning	(2011)		(2013)		(2014)
	Output 1: Increased national capacity to deliver integrated sexual and reproductive	e health servic	ces			
1.1	Number of countries that have guidelines, protocols and standards for health care	73	89	99	105	111
	workers for the delivery of quality sexual and reproductive health services for					
	adolescents and youth					
1.2	Number of countries that have a costed integrated national sexual and reproductive	59	80	74	95	81
	health action plan					
	Output 2: Increased national capacity to strengthen enabling environments, increa	se demand for	r and supply of 1	modern contracep	tives and improv	ve quality
	family planning services that are free of coercion, discrimination and violence			-	-	
2.1	Number of countries using a functional logistics management information systems	75	90	84	98	97
	for forecasting and monitoring reproductive health commodities					
2.2	Number of countries that have trained all levels of personnel to implement the new	0	0	0	0	0
	family planning human rights protocol					
2.3	Number of countries in which UNFPA supports at least four elements of demand	18	25	24	32	36
	generation for family planning					
	Output 3: Increased national capacity to deliver comprehensive maternal health se	rvices				
3.1	Number of countries in which the development of midwifery workforce policies was	52	63	56	70	74
	based on the ICM-WHO standards					
3.2	Number of countries that have used the results of an emergency obstetric and	47	77	71	90	80
	newborn care (EmONC) needs assessment to develop a costed national action plan to					
	scale-up maternal and newborn health services					
3.3	Number of fistula repair surgeries	8,400	11,200	10,175	12,400	13,404
3.4	Number of countries that have established national systems for maternal death	5	15	17	25	30
	surveillance and response					
	Output 4: Increased national capacity to deliver HIV programmes that are free of	stigma and dis	scrimination, co	nsistent with the	UNAIDS unified	l budget
	results and accountability framework (UBRAF) commitments					
4.1	Number of countries that have social behaviour change communication (SBCC)	59	81	78	92	92
	strategies for adolescent and youth including those from key populations					
4.2	Number of countries that have reached the implementation stage of the UNFPA 10-	31	55	52	69	55
	step strategic approach to comprehensive condom programming					

	Indicator	Baseline	2014 target	2014 actual ⁱ	2015 target ⁱⁱ	2015 actual
4.3	Number of countries that have at least one community based sex worker-led	32	37	38	44	46
	organization engaged in the design, implementation, and monitoring of programmes					
	that address HIV and sexual and reproductive health needs of sex workers					
	Output 5: Increased national capacity to provide sexual and reproductive health se	rvices in hum	anitarian setting	gs		
5.1	Number of countries that have capacity to implement MISP at the onset of a crisis	30	34	48	41	57
5.2	Number of countries that have humanitarian contingency plans that include	32	37	50	3	59
	elements for addressing sexual and reproductive health needs of women, adolescents					
	and youth including services for survivors of sexual violence in crises					
	Outcome 2: Increased priority on adolescents, especially on very young adole				and programm	es,
	particularly increased availability of comprehensive sexuality education and	sexual and re	productive hea	lth		
1	Percentage of young women and men aged 15-24 who correctly identify ways of	22%	*	23%	26%	21.5%
	preventing the sexual transmission of HIV and who reject major misconceptions					
	about HIV transmission (female)					
	Percentage of young women and men aged 15-24 who correctly identify ways of	32%	*	32%	36%	30.2%
	preventing the sexual transmission of HIV and who reject major misconceptions					
	about HIV transmission (male)					
2	Number of countries that have laws and policies that allow adolescents (regardless of	74	*	86	78	89
	marital status) access to sexual and reproductive health services					
	Output 6: Increased national capacity to conduct evidence-based advocacy for inco	orporating ado	olescents and yo	outh and their hur	nan rights/needs	in national
	laws, policies, programmes, including in humanitarian settings					
6.1	Number of countries with participatory platforms that advocate for increased	53	74	87	41 44 44 44 44 44 44 44 44 44 44 44 44 4	94
	investments in marginalized adolescents and youth, within development and health					
	policies and programmes					
6.2	Number of countries where UNFPA advocates for allowing adolescents and youth to	42	36	35 ⁱⁱⁱ	23	21
	have legal access to quality sexual and reproductive health counselling and HIV					
	services					
	Output 7: Increased national capacity to design and implement community and scl	nool based cor	mprehensive sex	xuality education	(CSE) programm	nes that
	promote human rights and gender equality					
7.1	Number of countries in which all national comprehensive sexuality education	39	59	63	73	73
	curricula are aligned with international standards					
	Output 8: Increased capacity of partners to design and implement comprehensive	programmes to	o reach margina	lized adolescent	girls including th	ose at risk of
	child marriage					
8.1	Number of countries that have health, social and economic asset-building	29	38	41	52	50
	programmes that reach out adolescent girls at risk of child marriage					
	Outcome 3: Advanced gender equality, women's and girls' empowerment, an	d reproducti	ve rights, inclu	ding for the mos	st vulnerable an	d
	marginalized women, adolescents and youth					

Number of countries with gender equality national action plans that integrate epopuloctive rights with specific targets and national public budget allocations 45° 8° 63 62 71		Indicator	Baseline	2014 target	2014 actual ⁱ	2015 target ⁱⁱ	2015 actual
Proportion of countries that have taken action on all of the Universal Periodical Review (UPR) accepted recommendations on reproductive rights from the previous reporting cycle	1	Number of countries with gender equality national action plans that integrate	45 ^{iv}	*	63	62	71
Review (UPR) accepted recommendations on reproductive rights from the previous reporting cycle 3 Percentage of women aged 15-49 who think that a husband/partner is justified in hitting or beating his wife/partner under certain circumstances 3 Upday 19. Strengthened international and national protection systems for advancing reproductive rights, promoting gender equality and non-discrimination and addressing gender-based violence 9.1 Number of countries in which a National Human Rights Institution has conducted a national inquiry concerning the exercise of reproductive rights and right to sexual and reproductive health 9.2 Number of countries with a functioning tracking and reporting system to follow up on the implementation of reproductive rights recommendations and obligations 10.1 Number of countries with gender-based violence and harmful practices and enable the delivery of multisectoral services, including in humanitarian settings 10.2 Percentage of countries affected by a humanitarian crisis that have a functioning inter-agency gender-based violence coordination body as a result of UNFPA guidance and leadership 10.3 Number of communities supported by UNFPA that declare the abandonment of percentage genider multisticonculting (FGMC) 10.3 Number of communities supported by UNFPA that declare the abandonment of percentage unitation or during (FGMC) 10.1 Number of communities in which civil society organizations to promote reproductive rights and women's empowerment, and address discrimination, including of marginalized and vulnerable groups, people living with HIV and key populations 11.2 Number of countries in which civil society organizations have supported the institutionalization of programmes to engage men and boys on gender equality (including gender-based violence) sexual and reproductive rights of women and girls and marginalized and which society organizations have supported the institutionalization of programmes to engage men and boys on gender equality (including gender-based violence), s
