Second regular session 2018
4 to 7 September 2018, New York
Item 7 of the provisional agenda
UNFPA – Financial, budgetary and administrative matters

UNITED NATIONS POPULATION FUND

UNFPA integrated budget, 2018-2021, revision

Corrigendum

Summary

The tables in this corrigendum of the UNFPA integrated budget, 2018-2021, revision (DP/FPA/2018/8), as well as the corrigenda to the annexes 1 and 2 of that document (posted on the UNFPA website), replace the corresponding tables in that document to reflect:

(a) changes stemming from the Executive Director's vision for the strategic repositioning in intergovernmental and multilateral affairs, as well as the strengthened humanitarian response (with overall budget-neutral effect), and

(b) an increase of \$7.1 million to the institutional budget, resulting from a doubling of the UNFPA share to the resident coordinator system, in line with General Assembly resolution 72/279 (thus increasing the institutional budget from \$701.1 million to \$708.2 million for 2018-2021).

The following tables, figures and annexes were updated to reflect:

(a) changes stemming from the Executive Director’s vision for the strategic repositioning in intergovernmental and multilateral affairs, as well as the strengthened humanitarian response (with overall budget-neutral effect), and

(b) an increase of \$7.1 million to the institutional budget, resulting from a doubling of the UNFPA share to the resident coordinator system, in line with General Assembly resolution 72/279 (thus increasing the institutional budget from \$701.1 million to \$708.2 million for 2018-2021).

Annex 2.	Cost recovery – detailed information based on the current cost recovery methodology

I. Revised integrated budget, 2018-2021

A. Summary of the changes

1. The present corrigendum reflects the changes to the tables (and the accompanying annexes 1 and 2) stemming from the three key areas below. In addition, the elements of a decision are provided with the updated institutional budget appropriation amount.

Strategic repositioning in intergovernmental and multilateral affairs

2. In line with the Executive Director's vision for the UNFPA strategic repositioning in intergovernmental and multilateral affairs (released in May 2018), the organizational chart and corresponding information on financials and posts have been amended to reflect the discontinuation of the Division of Governance and Multilateral Affairs (GMA) as a separate unit and the corresponding redeployment of posts and financial resources to other units. There is no financial impact on the overall budget components; however, the changes to cost classification within the institutional budget (from management to development effectiveness) and the resulting changes to the cost recovery calculations are reflected in the respective tables and annexes, in line with the Executive Board approved cost classification methodology.

Strengthened humanitarian response

3. In an increasingly complex world defined by recurrent political crisis, climate change induced national and regional fragility, vulnerability and violent protracted conflict, the UNFPA humanitarian portfolio must be strengthened to be fit for purpose in achieving the Sustainable Development Goals and leaving no one behind. In recognition of this global context, the organization's humanitarian work is integrated across the four outcomes of the UNFPA strategic plan, 2018-2021.

4. As part of the overall humanitarian response by United Nations development system, and to align the organization with the United Nations Secretary General's reform efforts in delivering as one, UNFPA is positioning itself to be better prepared for complex challenges and emerging opportunities and to allow for transformational shifts in achieving the Sustainable Development Goals. UNFPA is ready to manifest its value and collaborate more strongly and with more coherence at the nexus between humanitarian, development, and peacebuilding work streams and actors. For the organization to be able to do so, it is imperative to strengthen its humanitarian architecture, leadership, expertise and funding so that UNFPA becomes an even more effective humanitarian actor saving lives and supporting governments and communities to be prepared for and respond to emergencies, and to build back better.

5. Based on operational analysis and evaluations, UNFPA proposes to further strengthen the current architecture through the establishment of a humanitarian office led by a director at the D2 level. The establishment of the D2 post will be accommodated within existing budget by re-profiling the previous DGM Director post. The proposal aims to enhance the humanitarian communication and fundraising functions in New York and strengthen the programmatic, operational and technical capabilities in Geneva. The proposal is part of the organization's continued efforts to mainstream humanitarian work, as previously presented by management during the informal briefings to the Executive Board in February 2018, which was subsequently part of the Executive Briefs on the Comprehensive Resources Review carried out by UNFPA. The Humanitarian Office will lead the organizational scale-up of its operational humanitarian preparedness and response delivery and the institutional action needed to deliver it in an effective and accountable way. The office will advance the mainstreaming of humanitarian preparedness across all institutional work streams, in line with the strategic plan, ensuring preparedness, resilience and delivery across the humanitarian-sustainable development-peace nexus while also scaling up its capacity to deliver in acute crises and complex emergencies.

6. There is no financial impact on the overall budget components as the proposal is realized through redeployment of existing positions within UNFPA. The organizational chart and corresponding financial and post information have been amended accordingly.

United Nations development system coordination

7. The currently approved resources for 2018-2021 amount to \$9.4 million and constitute the UNFPA share of contributions to the resident coordinator system, as per the currently agreed cost-sharing formula and estimates provided by the United Nations Development Operations Coordination Office.

8. Following General Assembly resolution 72/279, requesting a doubling of the current United Nations Development Group cost-sharing arrangement among United Nations development system entities, the Secretary General's initial implementation plan clarifies that all entities should double their agreed contributions under the current UNSDG cost-sharing arrangement in 2019. Further work is envisaged on updating the cost-sharing formula for 2020 and beyond.

9. Given the above clarification, UNFPA proposes an increase of \$7.1 million to the institutional budget, which represents double its share for three years (2019-2021), based on the current cost-sharing arrangement. This would ensure compliance with general Assembly resolution 72/279. Depending on the outcome of the updated cost-sharing arrangements beyond 2019, UNFPA may seek further budget revisions in the future.

10. The proposal increases the institutional budget revision from \$701.1 million to \$708.2 million for 2018-2021; this is \$0.2 million lower than the originally approved budget for 2018-2021 (\$708.4 million).

B. Integrated resource plan

4. Balance of resources (1-2+3)	1.1	222.3		223.4		1.1	233.7		234.7	

a/ Regular resources opening balance for 2018 has been revised as per 2017 financial statements; other resources have been revised based on funds received and available for programming.

b/ Includes interest and miscellaneous income.

c/ Adjustment for tax reimbursements to staff who are nationals of one Member State.

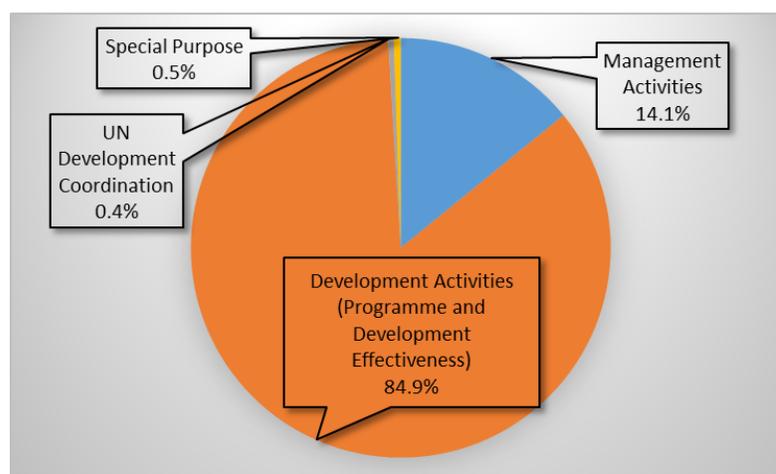

d/ 'Other resources - Programmes' reflects total programme expenses as per financial statements; the cost recovery is offset to enable a comparison with the estimates in the budget document.

e/ Includes adjustments to the operational reserve as per financial regulations and rules and transfers from previous periods.

Note: approved 2018-2021 figures are presented based on decision 2017/24 which reflects the adjusted budget as per DP/FPA/2017/10/Corr.1

Note: Figures in this table and in other tables in this document are rounded to the closest decimal; therefore, they may not add up.

E. Summary of increases and decreases in the institutional budget**Table 7. Summary of changes, revised institutional budget 2018-2021***(in millions of dollars)*

	Total	% increase /
I 2018-2021 institutional budget (approved)	708.4	
II. a. Decreases		
(i) Comprehensive resource review - headquarters	(11.5)	-1.6%
(ii) Country office realignments	(2.3)	-0.3%
(iii) Regional office adjustments	(0.4)	-0.1%
Total decreases	(14.2)	-2.0%
II. b. Increases		
(i) Strengthened field offices	3.7	0.5%
(ii) Strengthened PSEA coordination	1.4	0.2%
(iii) Strengthened investigations function	1.3	0.2%
(iv) Comprehensive resource review - field offices	0.5	0.1%
Total increases	6.9	1.0%
III. Net volume increases/(decreases) (IIa + IIb)	(7.3)	-1.0%
IV. Total 2018-2021 institutional budget (revised)	701.1	
V. Increased contribution to RC system	7.1	
VI. Total 2018-2021 institutional budget (revised - Corr.1)	708.2	
VII. Estimated income to the institutional budget	(155.6)	
VIII. 2018-2021 net institutional budget (VI + VII)	552.6	

II. Elements of a decision

11. The Executive Board may wish to:
- (a) *Take note* of the revised UNFPA integrated budget, 2018-2021 (DP/FPA/2018/8) and its corrigendum (DP/FPA/2018/8/Corr.1), in response to decision 2017/4, and its alignment with the approved UNFPA Strategic Plan, 2018-2021 (DP/FPA/2017/9);
 - (b) *Welcome* the improved results focus and the enhanced linkages with the strategic plan results and harmonized methodology and presentation, including cost classification, attribution and recovery;
 - (c) *Take note* of the results and resource requirements in the UNFPA integrated budget estimates for 2018-2021, including linkages of results and resources, as contained in documents DP/FPA/2018/8 and DP/FPA/2018/8/Corr.1;
 - (d) *Approve* the presentation of activities and associated costs reflected in documents DP/FPA/2018/8 and DP/FPA/2018/8/Corr.1;
 - (e) *Also approve* gross resources in the amount of \$708.2 million, representing the revised institutional budget estimates for 2018-2021, noting that these estimates include an amount of \$155.6 million for indirect cost recovery from other resources;
 - (f) *Authorize* \$152.5 million of the projected regular resources, as a revised ceiling for global and regional interventions for 2018-2021, noting that this amount cannot be exceeded without approval by the Executive Board;
 - (g) *Recall* Executive Board decision 2015/3, *approve* a revised amount of \$22.5 million of regular resources for the UNFPA emergency fund, and *reaffirm* the existing authorization for the UNFPA Executive Director to increase the emergency fund by up to \$2 million beyond the ceiling in a given year if the number and extent of the emergencies so warrant;
 - (h) *Endorse* the proposal of the UNFPA Executive Director, similar to decisions 2008/6, 2012/13, 2013/32 and 2017/24, *decide* to grant exceptional authority during 2018-2021 to access up to an additional \$5.4 million in regular resources for security measures, provided these are used for new and emerging security mandates, as defined by the directives of the United Nations Department of Safety and Security, and *request* UNFPA to report to the Executive Board on the use of those funds in its annual statistical and financial review.
 - (i) *Also endorse* the proposal of the UNFPA Executive Director and *approve* the use of the existing Reserve for Field Accommodation for headquarters premises until the establishment of the Premises Capital Plan.
-
