Although this still falls short of the Evaluation Policy target of 1.4 per cent to 3 per cent against the overall UNFPA programme expenses, the regular resources expenditure of the evaluation function (including net institutional budget) was \$5.2 million, representing 2.0 per cent of the UNFPA regular resources programme</p>

	Internal Audit and Investigation	Office of Audit and Investigation Services	<p>Para 2. Takes note of the suggestions and pathways recommended in the assessments of the independence of OAI, OAIS and IAIG, and of their respective management responses, and requests that: (a) UNDP and UNFPA take action, as appropriate, to implement the assessments' recommendations and report, in their management responses for the annual session in 2023, on the progress made by UNDP and UNFPA, respectively, on their implementation; and asks, in case a recommendation has not or partially been implemented or agreed to by management, the management of UNDP and UNFPA to provide explanations, in line with established practice; (b) UNOPS urgently implement all recommendations made by IAIG and that it report to the Executive Board during the annual session in 2023 on the progress made in this regard;</p>	Annual Session 2023	<p>The OAIS Charter is currently under revision as of 31 December 2022. It will reflect, inter alia, a recourse for OAIS to implement critical audit and investigation activities pending the Executive Director's approval of the workplans or the workplans disapproved, deferred/rescheduled, or delayed. It will also reflect how to dispose of allegations against OAIS personnel and for handling allegations against senior UNFPA officials or close counterparts of OAIS. Following consultation with the OAC, the approach to be reflected in the revised Charter will be: (a) for officers appointed by the UN Secretary General, investigation matters will be referred to the Office of Internal Oversight Services (OIOS); and (b) for allegations against OAIS personnel and counterparts, these will be investigated by OAIS after consultation with the OAC and the Executive Director.</p> <p>Management will support revisiting its reliance on the management and fiduciary or oversight services outsourced to third parties.</p> <p>In November 2022, UNFPA revised the Resource Management Policy (Revision 2) to clearly define the responsibility and independence of OAIS in managing and using its budget.</p> <p>The Director, OAIS, has implemented delegated authority from the Executive Director to hire individual consultants, specialists, and professional services firms, in accordance with applicable guidelines. UNFPA Management has indicated that, in consultation with the OAC, it will review the OAIS Director's delegated authority in human resources (i.e., hiring of OAIS staff)</p>	<p>In Progress</p>

					<p>and procurement of services, and further enhance OAI's ability to manage and use these resources.</p> <p>OAI is working on: (a) reviewing and securing user access requirements its systems to avoid delaying or confidentiality in the conduct of audit and investigation activities; (b) completing revisions to the OAI Charter; (c) improving documentation declarations of independence and conflicts of interest by its staff annually and at engagement level, as appropriate; (d) initiating external reviews of its investigation function; (e) formalizing its collaboration with OIOS; and (f) ensuring that both its organizational and individual objectivity are sustained and not impaired. To this end, OAI has already established a Quality Assurance, Policy and Reporting Unit to institute a good quality assurance and improvement programme.</p>	
	Internal Audit and Investigation	Office of Audit and Investigation Services	<p>Para 3. Stresses the importance of ensuring that independent audit and investigation offices have full independence in delivering their services to provide the Executive Board, agency management and other stakeholders the necessary and appropriate assurances and advice on the governance, risk management and internal controls of the entities;</p> <p>Para 4. Recalls its decision 2022/15, paragraph 4, and, in this regard, welcomes more regular closed briefings from the independent audit and investigation offices in a timely manner and throughout the year, as needed, on potential red flags, emerging risks and internal control</p>	On-going	<p>Various initiatives arising from recommendations in the OAI report on the 'Assessment of the independence of the UNFPA Office of Audit and Investigation Services' are already underway and will continue in 2023. The recommendations are multifaceted and require action from the Executive Board, UNFPA Management and OAI.</p> <p>In accordance with the Executive Board decision 2022/15 (Paragraph 4) - reiterated in the Board's decision on the Assessment of the Independence of the UNFPA Office of Audit and Investigation Services (Second Regular Session of 2022) - OAI will, as from 2023, provide regular closed briefings to the Board, in a timely manner and</p>	<p>In Progress</p>  <p>In Progress</p>

			<p>Para 5. Also recalls decision 2022/15, paragraph 3, and reiterates the importance of the provision of sufficient resources for audit and investigation functions in order to preserve the offices' independence, integrity and professionalism, and to allow for full, adequate and effective execution of the respective mandate of each audit and investigations office, within the established applicable budgetary process, and to update policies, where applicable;</p>	<p>On-going</p>	<p>UNFPA's commitment to provide sufficient resources for the independent internal audit and oversight function is reflected in the steady increase in investments over the years. Even in times of financial challenges and reductions in income during the 2014-2017 and 2018-2021 cycle, UNFPA safeguarded the budgets for the two independent functions and did not reduce their allocations, unlike for other parts of the organization. This is evidenced by an increase of 133% in the Office of Internal Audit and Investigations Services (from \$17.1 million in 2010 to \$39.9 million for 2022-2025).</p> <p>Further, in an effort to further strengthen OAIS independence through the management of resources allocated to OAIS, in November 2022 UNFPA revised the Resource Management Policy to clearly define the responsibility and independence of OAIS in managing and using its budget.</p> <p>In the context of the previous MTR (Strategic Plan 2018-2021) and following review by the Oversight Advisory Committee, OAIS put forward a proposal to management for strengthening both the audit and investigation functions. As a result, as part of the integrated budget planning process for the 2022-2025 strategic plan cycle, four new posts were created to augment OAIS staffing - one in internal audit and three for the Investigation Branch. As of 2022, OAIS was implementing the additional resources</p>	<p>In Progress</p>

					<p>allocated to the Investigation Branch, complemented by consultant support, to deal with an ever-increasing caseload. Yet, current resources remain incommensurate with the continuously increasing caseload, the increased number of demands for information (“non-case”), as well as the significantly higher donor reporting requirements (compared even to last year).</p> <p>It is noteworthy that, in 2022, the Executive Director approved a restructuring of OAIS, implemented through existing post reclassifications on a budget-neutral basis. This was the first phase of OAIS restructuring and it is expected that lessons learned from the 2022 exercise will, in 2023, inform further assessments and proposals for OAIS budgetary requirements to execute its full mandate. As requested by the Executive Board in its decision no. 2022/15, OAIS will present the budgetary requirements/estimates at the 2023 Annual Session.</p>	
	Internal Audit and Investigation	Office of the Executive Director	Para 6. Requests UNDP, UNFPA and UNOPS to include, as a permanent annex in their annual reports to the Executive Board, a concise agency-specific summary of the oversight functions responsible for audit, investigation, ethics, evaluation and whistle-blower protection, and also requests UNDP, UNFPA and UNOPS to ensure these summaries follow a uniform template, to be provided by the Bureau;	First regular session 2023	<p>The template has been prepared.</p> <p>This template will be included as an annex in the Executive Director’s annual report to be presented at the annual session.</p>	In Progress 
	Internal Audit and Investigation	Office of Audit and Investigation Services	Para 7. 	Working Methods	Executive Board Branch/Office of Executive Director	Para 9. Requests the Bureau of UNDP, UNFPA and UNOPS, in consultation with the relevant bureaux of United Nations development system entities, to provide options and cost estimates for an assessment, including the feasibility of a third-party assessment by an entity external to the United Nations system with independent expertise on governance and oversight, of how the Executive Board, in collaboration with UNDP, UNFPA and UNOPS as well as the United Nations system, executes its governance and oversight functions, with a view to ensuring that these functions are aligned with the highest international standards and best practices;	First regular session 2023	<p>In December 2022, the Bureau of the UNDP, UNFPA and UNOPS Executive Board, in consultation with the relevant Bureaux of United Nations development system entities, shared a paper on ‘Options for an assessment of how the Executive Boards execute their governance and oversight functions.’</p> <p>There will be a joint UNDP, UNFPA, UNOPS, UNICEF and UN Women informal consultation on the follow up on oversight matters at the first regular session 2023 for further discussion on this topic.</p>	In Progress
