

# OUR PARTNERSHIP

## Delivering impact and hope for women and girls in crises

The Netherlands is a reliable partner on both global development and humanitarian fronts. In 2023, the Netherlands continued to support UNFPA's response, providing life-saving services to women and girls in Ukraine and Moldova, increasing access to emergency reproductive health supplies in Yemen, and ensuring dignified and healthy lives for Afghan refugees in Pakistan.

## A partner in health for all

In economically challenged nations, the welfare of women and girls hinges on the aid provided by the UNFPA Supplies Partnership – a global leader in providing contraceptives and vital maternal health medicine. As the Partnership's second-largest donor, the Netherlands is instrumental in meeting the diverse needs of young people.

## Commitment to flexible funding

In 2023, the Netherlands was UNFPA's fourth-largest contributor to voluntary core resources, which are essential for UNFPA to promptly and efficiently address the pressing needs of women and girls globally.

## ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

## Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
