

## OUR PARTNERSHIP

### **An advocate for UNFPA's mandate**

UNFPA and Norway have a longstanding partnership aimed at advancing and upholding sexual and reproductive health and rights globally. Norway is one of UNFPA's strongest political allies, collaborating with us to improve women's, girls' and young people's health, including through comprehensive sexuality education.

### **A global champion for bodily autonomy**

Norway and UNFPA are dedicated to promoting the rights of women and girls to make their own choices about their bodies and to live free from all forms of violence, including female genital mutilation. Together, we strive to ensure that all women and girls have universal access to sexual and reproductive health services.

### **An indispensable core contributor**

Norway provides core support to UNFPA as the most efficient investment in the organization. As our third-largest humanitarian contributor, Norway is also committed to provide life-saving assistance to the most vulnerable women and girls. Funding from Norway also supports thematic funds and joint programmes.

## ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on governments and other partners to support our programmes.

### **Our three transformative results:**

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

# UNFPA and Norway

### **A partnership for women and girls**

Thanks to Norway's steadfast partnership with UNFPA, more women and girls around the world are enjoying healthier, more fulfilled lives, free from violence.

See how Norway is making a difference.
