

# NEPAL EARTHQUAKE

Millions of women and girls need support.

Based on the most current data, UNFPA estimates

8,000,000

People are affected

2,000,000

Women and girls of childbearing age are in need

126,000

Pregnant women are among the survivors

Pregnant women urgently require health care and safe delivery services. Women and girls of childbearing age need hygiene supplies and protection from gender-based violence.

UNFPA is responding.
